HR EXCELLENCE IN RESEARCH

I. Basic information

Title	Conferențiar universitar, poziția 10
Offer description	<p>The Faculty of Engineering in Foreign Languages was created in 2002 by transforming the Department of Engineering Sciences (started in 1990) into a faculty of the University POLITEHNICA of Bucharest. The individuality of this faculty is given by the fact that engineering education is given in one of the foreign languages: English, French and German. For more information, the website of the faculty is at http://fils.upb.ro/.</p> <p>The Department of Engineering in Foreign Languages represents the technical department of the faculty. It is made by around 20 academic personnel with competences in engineering and in at least one of the languages English, French and German. There are included two lecturers sent by the French and German states. For more information, the website of the department is at http://dils.upb.ro/.</p> <p>The organizational chart of the department is the list of the subject components covered by the members of the department and by external professionals, where the department is responsible for the delivery of the topics and for quality of the learning.</p> <p>The position 10 is Associate professor in the domain of Computer science and covers the subjects:</p> <ul style="list-style-type: none">• Hacking éthique et la défense du système (Course, Laboratory)• Systèmes d'exploitation 1 (Course)• Sécurité des communications et réseaux d'ordinateurs (Course, Laboratory)
Research field	Computer science

II. Hiring information and work location

Faculty	Inginerie în Limbi Straine
Department	Department of Engineering in Foreign Languages
Department/Centre website	http://dils.upb.ro/
Contact person e-mail	dilsupb@gmail.com

Contact person phone number	+40 21 402 96 06
-----------------------------	------------------

III. Requirements

Required education level	Engineering Ph.D. or equivalent
Skills/Qualifications	The position implies actual knowledge in the fields of Ethical hacking and defense of the system, Operating systems and of Security of communications and computer networks The subjects are important themes for engineering and relevant topics for the study computer science and information technology.
Specific requirements	
Required languages	French – excellent English – excellent
Required research experience	Computer science 4-10

IV. Additional information

Additional comments	<p>The candidates for this position must comply with the minimum required and mandatory standards to award teaching positions in higher education, as stated in the Order of the Minister of National Education and Scientific Research no. 6129/2016.</p> <p>Also, the minimum conditions from the methodology regarding the employment of vacancy teaching and research position in UPB must be met (https://posturivacante.upb.ro/legislatie/).</p> <p>All academic staff at UPB enjoy several benefits, such as training and professional development opportunities, holiday leave, accommodation in UPB residences, banking facilities, access to research infrastructure, and software for remote working.</p>
