

Formular 1

Formular de publicare în platforma Euraxess a posturilor didactice

v. 18 dec 2025

Vă mulțumim anticipat pentru completarea corectă și integrală a acestui formular, care este aproape identic celui online.

Vă rugăm să parcurgeți instrucțiunile de mai sus și indicațiile de completare marcate cu gri în paginile următoare. Respectarea în totalitate a indicațiilor din preambul și din fiecare secțiune/rubrică ne ajută ca anunțurile să fie publicate la timp, fără să mai fie nevoie de reveniri, corecturi, clarificări sau modificări.

Înainte de a ne transmite formularul/formularele dvs., vă rugăm să vă asigurați că:

1. Ați înlocuit tot textul ce în prezent are culoarea gri cu informațiile specifice poziției scoase la concurs.
2. Textul pe care îl completați dvs. va fi doar de culoare neagră, Arial regular, de 11 puncte.
3. Conținutul formularului dvs. este text fără (a) liste automate cu litere sau cifre și fără (b) ghilimele, evidențierile sunt realizate doar prin *cursive/italic* sau **aldine/bold**.
4. Toate rubricile din stânga marcate cu **albastru** cu fundal gri (obligatorii) conțin informațiile solicitate.
5. Ați selectat opțiunea corectă acolo unde este meniu *drop-down* (**clik pentru....**).
6. Este de fiecare dată menționată corect denumirea actuală în limba engleză a instituției noastre: National University of Science and Technology POLITEHNICA Bucharest.
7. Toate informațiile din document, cu excepția titlului postului, sunt în limba engleză.

Conținutul furnizat de către dvs. îl încărcăm manual, rubrică după rubrică, uneori enunț cu enunț. Din acest motiv este foarte importantă respectarea tuturor indicațiilor de mai sus și păstrarea formatărilor documentului.

Pentru orice întrebări sau neclarități, vă încurajăm să ne contactați la euraxess@upb.ro.

I. Basic information

Title	Asistent universitar (First Stage Researcher, R1) Student(ă) la doctorat Position 56
Offer description	The Faculty of Engineering in Foreign Languages was created in 2002 by transforming the Department of Engineering Sciences (started in 1990) into a faculty of the University POLITEHNICA of Bucharest. The individuality of this faculty is given by the fact that engineering education is provided in one of the foreign languages: English, French, and German. For more information, the website of the faculty is at https://fils.upb.ro The Department of Engineering in Foreign Languages represents the technical department of the faculty. It is composed of around 20 academic personnel with competences in engineering and in at least one of the languages English, French, and German. There are included two lecturers sent by the French and German states. For more information, the website of the department is at https://dils.upb.ro/. The position 56 is a Teaching Assistant in the domain of Computers and Information Technology, and covers the subjects: • Programming Paradigms (laboratory) - English • Object Oriented Programming (laboratory) - English • Software Development Methods (laboratory) - English • Application Development for Mobile Devices (laboratory) - English • Apprentissage profond et grands modèles de langage pour les applications industrielles (laboratory) – English or French • Mobile and Embedded Computing (laboratory) - English • Web Programming (laboratory) - English The position includes disciplines related to software development, programming paradigms, object-oriented programming, mobile and embedded systems, web technologies, and artificial intelligence. The teaching activity focuses on practical laboratory work in areas such as programming paradigms, object-oriented design and implementation, software development methods, mobile application development, web programming, mobile and embedded computing, as well as deep learning and large language models for industrial applications. The successful candidate is expected to participate in educational and research activities in the field of Computers and Information Technology, and to contribute to the development of interdisciplinary projects related to software engineering, mobile and embedded systems, web technologies, and artificial intelligence. APPLICATION Before applying, all candidates are invited to read carefully the UPB's Methodology for occupying didactic and research positions: https://posturivacante.upb.ro/wp-content/uploads/2025/07/Metodologie-de-concurs-pentru-ocuparea-posturilor-didactice-si-de-cercetare-vacante-2025.pdf

II. Hiring information and work location

Department	Engineering in Foreign Languages
Contact person e-mail	dils@upb.ro
Contact person phone number	+40 21 402 96 07
Department/Centre website	https://dils.upb.ro/
Faculty	Inginerie în Limbi Straine
Geolocalizare	Va fi completată de către <i>Punctul de contact Euraxess</i> , în funcție de adresa facultății/departamentului.

III. Requirements

Required education level	Computer science Master or equivalent
Skills/Qualifications	Strong knowledge of computer science fundamentals and software development, with practical experience in programming, object-oriented programming, software engineering methods, web technologies, and mobile application development. Knowledge of mobile and embedded computing, as well as familiarity with artificial intelligence techniques, including deep learning and large language models, is desirable. The candidate should have good communication and teaching skills, the ability to conduct laboratory activities in English and/or French, and the capacity to work effectively with students in an international academic environment. Research experience in computer science, software engineering, artificial intelligence, mobile or embedded systems, or related areas is considered an advantage.
Specific requirements	

Required languages	Precizați limba <u>de predare a programului de studiu</u>. Engleza si/sau Franceza 1 English Excellent 2..... Clic pentru a selecta nivelul de limbă 3..... Clic pentru a selecta nivelul de limbă
Required research experience	Computer science Subdomeniu 1 Informatics Subdomeniu 2 Modelling tools Subdomeniu 3 Programming Subdomeniu 4 Systems design 1-4.

IV. Additional information

Website for additional job details	
Benefits	All academic staff at NUSTPB enjoy several benefits, such as training and professional development opportunities, holiday leave, accommodation in NUSTPB residences, banking facilities, access to research infrastructure, and software for remote working.
Eligibility criteria	The candidates must provide a document issued by the doctoral school they have been enrolled to, certifying the PhD candidate status.
Selection process	<i>Punctul de contact Euraxess</i> va completa calendarul de concurs în formă sintetică, pe baza hotărârii Senatului.
Additional comments	Orice alte informații pe care le considerați relevante, răspunsuri la posibile întrebări referitoare la poziția scoasă la concurs etc.

ANEXA: lista subdomeniilor de cercetare.

Este obligatoriu ca subdomeniile să corespundă unui domeniu de studii specific postului scos la concurs, iar acest domeniu să fie relaționat în mod explicit cu disciplinele din fișa postului.
